

FOR IMMEDIATE RELEASE:

---

**The MédiGroup is pleased to announce its first North American channel partner for the SilentPartner product line.**

WON Systems, Inc. will provide consulting and implementation services to U.S. and Canadian marketing communications firms and other professional services firms.

**Oaks, PA – November, 9, 2007** – The MédiGroup, Ltd., developers of SilentPartner® Professional Services Automation (PSA) software for marketing communications companies, consulting firms, and corporate services departments announces the addition of WON Systems, Saskatoon, Saskatchewan, as a channel partner for the SilentPartner suite of products.

“Mike Wonnick and his company have impressed me with their knowledge of the unique regulations and needs of Canadian companies such as Foreign Exchange (FX), VAT taxes, French language, and more. In addition to the experience Mike brings, including work with over 35 marketing communications clients, he is a Chartered Accountant and thoroughly understands both the technical and business aspects of our software.” said Cindi McCarthy, MédiGroup’s president and CEO. “This knowledge is useful from the initial selection of the system, throughout implementation, and beyond.” stated Ms. McCarthy.

“WON System will be instrumental in serving prospective and current customers in Canada and select geographic locations in the United States. In addition to providing an independent system selection service, WON Systems will act as a SilentPartner value-added reseller that will provide customers with initial best practices consulting, full implementation, and continuing bottom-line improvement services.” said JT Harding, vice president of marketing for The MédiGroup. “Mike and his company are consummate professionals and have completed extensive product training. We are confident that his expertise and knowledge will benefit those companies that ultimately select SilentPartner as their enterprise solution, as well as our installed base of customers.” stated Harding.

WON Systems can be located on the World Wide Web at [www.wonsystems.com](http://www.wonsystems.com) or by calling Mike Wonnick at 306-374-3771.
